2019 Annual Convention-Call for Presentations

CIE-USA/GNYC 2019 Annual Convention will take place on Saturday October 19, 2019, 12:00pm to 9:30pm at Sheraton LaGuardia East Hotel, Flushing, NY 11354 (<http://www.sheratonlaguardiaeast.com>). The Convention will have presentations from 1:00pm to 5:30pm and an evening banquet for all speakers and distinguished guests.

This is an exciting, challenging and perhaps confusing time for all scientific and technological professionals. The rapid advances in many new technologies are making broad and far-reaching impacts in finance, healthcare, transportation, networks, manufacturing, security and many other sectors. Examples of these exciting technologies include Artificial Intelligence, AI Hardware, Blockchain, Bio-medical Science, Data Science, Fifth-generation and Six-generation Cellular Network (5G and 6G), Fintech, Healthcare, IoT, Machine/Deep Learning, Nanoelectronics, Neuromorphic Computing, Quantum Computing, Robotics and Voice Control.

CIE-USA/GNYC recognizes this unique and opportune time and plans to structure its 2019 Annual Convention as a platform for presentation, learning, and collaboration for advancement of all these new technologies and applications. CIE-USA/GNYC invites academics and practitioners to submit presentation proposals.

Please email submissions, including presentation title & abstract and bio, using the designated templates, to the Program Chair (Prof. Frank Shih, shih@njit.edu) by September 22, 2019.

We look forward to an exciting weekend of sharing, brainstorming, and celebration of the accomplishments and opportunities of this unique era.
